Size Guide

Body measurements in centimetres (cm). Use this guide to choose your Tessia size. If you are between two sizes, read the fit advice below.

How to measure

- **Bust:** measure around the fullest part of the chest, keeping the tape horizontal.
- **Waist:** measure around the narrowest part of the waist, usually just above the belly button.
- **Hips:** measure around the fullest part of the hips, with feet together.
- **Foot length:** stand on paper, mark heel and longest toe, and measure the distance.

Between two sizes?

- Knitwear and coats: choose the larger size for a relaxed look or for layering.
- Fitted pieces (blouses, slip dress, trousers): choose based on your largest measurement.
- If two measurements fall in different sizes (for example bust M and hips L), choose by the measurement that matters most for that garment: bust for tops, hips for skirts and trousers.
- Size exchanges are free (see the Shipping and Returns Policy).
